Independent Auditors' Report

To the Board of Trustees
San Jacinto Valley Cemetery District

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of San Jacinto Valley Cemetery District (the District) as of and for the year ended June 30, 2024 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of San Jacinto Valley Cemetery District (the District), as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 7 and the Schedules as listed in the table of contents on pages 36 through 38 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

October 1, 2024

SAN JACINTO VALLEY CEMETERY DISTRICT

Management's Discussion and Analysis

The following section of the San Jacinto Valley Cemetery District's annual financial statements includes management's insights and analysis of the District's financial performance for the year ended June 30, 2024.

A. Introduction to the Basic Financial Statements

These financial statements consist of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board Statement 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, as amended.

The basic financial statements include the Statement of Net Position and the Statement of Activities (the government-wide statements), and the fund financial statements, which include the Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balances for the District's major funds and its non-major funds on a summarized basis. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view of the District's finances. The fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most financially significant funds.

The notes to financial statements and this discussion and analysis support these statements. All sections must be considered together to obtain a complete understanding of the financial picture of the District. In addition, to the basic financial statements and accompanying notes, this report also presents combining fund statements.

During fiscal 2024, the District adopted no new accounting guidance.

Statement of Net Position: The Statement of Net Position includes all assets, deferred outflows of resources, liabilities, and deferred in flows of resources, on an accrual basis.

Statement of Activities: The Statement of Activities represents the revenues earned and the expenses incurred during the year on an accrual basis.

Analytical Overview-Summary: Assets have increased for the district primarily in the areas of receivables and investments. Other receivables include the amount to be received for the employee retention credit. Investments have better earnings in 2024 vs. 2023. Liabilities decreased primarily in the areas of net pension obligation and OPEB. The changes in deferred inflows/outflows also relate to changes related to the pension obligation and OPEB. The Statement of Activities showed positive change in net position as a result is an increase in charges for services and investment returns.

The expenditure budget amounts are higher than the actual due to overestimating in this area to balance the budget.

SAN JACINTO VALLEY CEMETERY DISTRICT

Management's Discussion and Analysis

B. Comparative Analysis of Current and Prior Year Activities and Balances

A summary of key financial statement information is used as a basis for reviewing current year results.

| Net position end of year | \$ 4,210,167 | \$ 3,753,634 |

C. Financial Analysis of Governmental Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: Governmental funds are the total amount of revenues and expenditures from all sources of federal, state, county, private grants, third party revenues, interest earned, and other miscellaneous items. All funding sources can be categorized into three main categories – General Fund, Special Revenue – Preneed Fund, Permanent Perpetual Care Fund and Other Governmental Funds.

SAN JACINTO VALLEY CEMETERY DISTRICT

Management’s Discussion and Analysis

C. Financial Analysis of Governmental Funds (Continued)

General Fund: This fund represents the main source of receiving tax revenues and generated revenues to pay for the district’s normal operations.

Special Revenue - Preneed Fund: This fund is used for collecting funds received for advanced cemetery arrangements and dispersing funds when At Need.

Permanent Fund: This fund is used to report resources that are legally restricted to the extent that only earnings, not principle, may be used for purposes that support the cemetery.

Other Governmental Funds: ACO, these funds are revenue from taxes, services and interest earned for future land purchase and other needs for the district.

D. Budget to Actual Performance

The budget to actual performance for the General Fund presented below is based on the governmental fund’s Statement of Revenues, Expenditures and Changes in Fund Balances and the modified accrual basis of accounting.

| Revenues, Expenditures and Changes in Fund Balance Budget to Actual | | | |
|--|---------------------|---------------------|-------------------|
| <u>For the Year Ended June 30, 2024</u> | | | |
| | <u>Budget</u> | <u>Actual</u> | <u>Variance</u> |
| <u>Revenues</u> | | | |
| Total revenues | \$ 1,139,579 | \$ 992,096 | \$ (147,483) |
| <u>Expenditures</u> | | | |
| Salaries and employee benefits | \$ 644,287 | \$ 621,066 | \$ 23,221 |
| Utilities | 63,000 | 47,808 | 15,192 |
| Services and supplies | 492,694 | 329,274 | 163,420 |
| Debt service | - | 46,289 | (46,289) |
| Capital outlay | <u>260,000</u> | <u>72,962</u> | <u>187,038</u> |
| Total expenditures | <u>1,459,981</u> | <u>1,117,399</u> | <u>342,582</u> |
| Surplus (deficit) | <u>\$ (320,402)</u> | <u>\$ (125,303)</u> | <u>\$ 195,099</u> |

The District’s funding sources consist primarily of tax and service revenue. The budgeted amount represented above is simply estimation from reviewing prior year performance.

SAN JACINTO VALLEY CEMETERY DISTRICT

Management's Discussion and Analysis

E. Capital Assets

During 2023-2024 the District started the construction of a new niche and purchased two Kubota Z Turn Mowers.

F. Factors Impacting Future Periods

The District has been maintaining its pattern of repairs and maintenance around the Cemetery and also will be re-paving the main entrance coming in Menlo Ave., down to the start of the newer sections and to include the entrance coming in Santa Fe Ave.

G. Request for Information

This financial report is designed to provide a general overview of San Jacinto Valley Cemetery District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the General Manager, San Jacinto Valley Cemetery District, P.O. Box 505, San Jacinto, CA 92581.

SAN JACINTO VALLEY CEMETERY DISTRICT

**Statement of Revenues, Expenditures, and Changes in Fund Balances
Governmental Funds (Continued)**

For the Year Ended June 30, 2024

Amounts reported for governmental activities in the statement of activities are different because:

| | |
|---|-------------------|
| Net change in fund balances - total governmental funds | \$ 412,303 |
| Governmental funds report capital outlay as expenditures, however, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period. | (9,897) |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. | |
| Net pension expense (credit) | (133,154) |
| Net OPEB expense | 136,984 |
| Compensated absences | 4,330 |
| Principal payments on note payable | <u>45,967</u> |
| Change in net position of governmental activities | <u>\$ 456,533</u> |

The accompanying notes are an integral part of these financial statements.

The accompanying notes are an integral part of these financial statements.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

1. Summary of Significant Accounting Policies

Reporting Entity

San Jacinto Valley Cemetery District (the District) was formed August 27, 1917 in the County of Riverside under the Health and Safety Code Sections 8890 et seq. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governments and to general practice within California Special Districts. The District accounts for its financial transactions in accordance with the policies and procedures of the State Controller's Office Division of Local Government Fiscal Affairs Minimum Audit Requirements and Reporting Guidelines for California Special Districts.

The preparation of these financial statements requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues, and expenditures, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Management also determines the accounting principles to be used in the preparation of the financial statements. A description of the significant accounting policies employed in the preparation of these financial statements follows:

Accounting principles generally accepted in the United States of America require that these financial statements present the accounts of the District and any of its component units. Component units are legally separate entities of which the District is considered to be financially accountable or otherwise has a relationship, which is such that the exclusion of the entity would cause the financial statements to be misleading. Blended component units are considered, in substance, part of the District's operations, so the accounts of these entities are to be combined with the data of the District. Component units, which do not meet these requirements, are reported in the financial statements as discrete units to emphasize their separate legal status. However, the District has determined that it is not financially accountable for, nor has any other relationship with, any other organization, which would require its inclusion in these financial statements.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately, compared to *business-type activities*, which rely to a significant extent on fees and charges for support. The District currently has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

1. Summary of Significant Accounting Policies (Continued)

Government-wide and Fund Financial Statements (Continued)

Taxes and other items not properly included among *program revenues* are reported instead as *general revenues*. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are “measurable and available”). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues available if they are collected within 120 days after yearend, except for contracts for services which are recognized at the time the contract is signed. Property taxes and investment income are susceptible to accrual. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Permanent funds account for assets for which the principal may not be spent.

The District reports the following major governmental funds:

General Fund - The general fund is the District’s primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

Special Revenue Fund - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The District has one major special revenue fund: Preneed. This fund is restricted for the purchase of burial items other than the grave plot.

Permanent Fund – The permanent fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the cemetery - that is, for the benefit of the cemetery or its citizenry.

Additionally, the District reports the following other non-major funds:

Capital Project – The District has one non-major capital project fund for the ACO capital projects fund.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

1. Summary of Significant Accounting Policies (Continued)

Budgets and Budgetary Accounting

By state law, the District's governing board must approve a tentative budget no later than July 1 and adopt a final budget no later than September 15. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object code.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State statutes mandate the District maintain substantially all of its cash in the Riverside County Treasury. The County's investment pool operates in accordance with appropriate state laws and regulations. The fair value of the District's position in the pool is not the same as the value of the pooled shares. The method used to determine the value of participants' equity withdrawn is based on the book value, amortized cost plus accrued interest, multiplied by the District's percentage at the date of such withdrawal. The County Treasurer's investments, including U.S. Treasury and Agency securities, are carried at fair value based on current market prices. Bond anticipation notes are carried at fair value. Commercial paper is carried at amortized cost. Investments in bankers' acceptances and nonparticipating guaranteed investment contracts are carried at cost. Participating guaranteed investment contracts are carried at fair value based on net realizable value.

The District has adopted GASB Statement No. 72, *Fair Value Measurement and Application*; investments are measured at fair value on a recurring basis. Recurring fair value measurements are those that GASB Statements require or permit in the statement of net position at the end of each reporting period. Mutual funds are carried at fair value based on the funds' share price. Local agency obligations are carried at fair value based on the value of each participating dollar.

Receivables and Allowance for Doubtful Accounts

Contracts for services include both preneed and at-need receivables to be collected. The accounts are evaluated on an annual basis to determine those that may not be collectable using the specific identification method. The allowance for accounts receivable is based on those accounts that have been identified as uncollectable that must be approved by the District's Board of Directors to be written-off. At June 30, 2024 there was no allowance for accounts receivable.

Inventory

Inventory of preneed supplies and fuel is valued at the lower of cost or market using the first-in/first-out method. The costs of government fund-type inventories are recorded as expenditures when consumed rather than when purchased.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

1. Summary of Significant Accounting Policies (Continued)

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$500 and an estimated useful life of five years or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated using the straight-line method over the estimated useful lives varying from 20 to 40 years for buildings, 25 to 40 years for infrastructure, 10 to 30 years for land improvements and 5 to 20 years for equipment.

Interfund Balances and Transfers

Activity between funds that are representative of lending/borrowing arrangements outstanding at year-end are referred to as due to/from other funds (i.e., current portion of interfund loans). Interfund transfers occur because the District receives charges for services through the special revenues funds and transfers these funds to the general fund as expenditures are incurred or due to contractual requirements.

Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents the consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflow of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources until that time.

Currently, the District has deferred inflows/outflows of resources for its pension plan and postemployment benefits plan.

Compensated Absences

Each employee can earn up to 4 weeks of vacation per year. The District accrued a liability for compensated absences, which meets the following criteria:

- The District's obligation relating to employees' rights to receive compensation for future absences is attributable to employees' service already rendered.
- The obligation relates to rights that vest or accumulate.
- Payment of the compensation is probable.
- The amount can be reasonably estimated.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

1. Summary of Significant Accounting Policies (Continued)

Compensated Absences (Continued)

Compensated absences expected to be paid with expendable available resources are accrued and recorded as liabilities and expenditures of the general fund. Amounts not expected to be liquidated with expendable available financial resources are reported in the government-wide financial statements.

Pension

The District follows *GASB Statement No. 68, Accounting and Financial Reporting for Pensions*. This statement requires accrual-based measurement and recognition of the cost of pension benefits during the periods when employees render their services.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the San Jacinto Valley Cemetery District's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

| | |
|-------------------------|-------------------------------|
| Valuation Date (VD) | June 30, 2022 |
| Measurement Date (MD) | June 30, 2023 |
| Measurement Period (MP) | July 1, 2022 to June 30, 2023 |

Other Postemployment Benefits (OPEB)

The District follows *GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This statement requires accrual-based measurement and recognition of the cost of postemployment benefits during the periods when employees render their services.

GASB 75 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

| | |
|-------------------------|-------------------------------|
| Valuation Date (VD) | June 30, 2023 |
| Reporting Period (RP) | July 1, 2023 to June 30, 2024 |
| Measurement Period (MP) | July 1, 2022 to June 30, 2023 |

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

1. Summary of Significant Accounting Policies (Continued)

Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- *Net Investment in Capital Assets* – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets as well as any premium or discount paid on debt reduce the balance in this category.
- *Restricted Net Position* – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulation of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. This category represents the net position of the District that is nonexpendable and held in perpetuity for perpetual care and that is expendable as a result of investment earnings from those funds to be used to support the cemetery.
- *Unrestricted Net Position* – This category represents the net position of the District, not restricted for any project or other purpose.

Fund Balances - Governmental Funds

The District's fund balance categories define the nature and extent of the constraints placed on it fund balance as follows:

- *Nonspendable Fund Balance* – Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- *Restricted Fund Balance* – Amounts constrained to specific purposes by their providers (such as grantors, contributors, or laws or regulations of other governments).
- *Committed Fund Balance* – Amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., Board of Trustees budget resolution). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest-level action to remove or change the constraint.
- *Assigned Fund Balance* – Amounts the District intends to use for a specific purpose. Intent can be expressed by the Board of Trustees.
- *Unassigned Fund Balance* – Amounts that are available for any purpose. Positive amounts can only be reported in the general fund.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources (committed, assigned, and unassigned) as they are needed. When unrestricted resources (committed, assigned, and unassigned) are available for use in the General Fund, it is the District's policy to use unassigned resources first, then assigned, and then committed as needed. When unrestricted resources (committed, assigned, and unassigned) are available for use in any other governmental fund, it is the District's policy to use committed resources first, then assigned, and then unassigned as needed. The District does not have a formal minimum fund balance requirement. However, the District has adopted a Reserve Policy, which addresses various targeted reserve amounts in the General Fund and the action that will be taken if the reserves fall below the targeted amount.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

1. Summary of Significant Accounting Policies (Continued)

Property Taxes

Property taxes are assessed under various legislative provisions, contained in the Government Code and the Revenue and Taxation Code, by the County Assessor and State Board of Equalization. Taxes on real property are limited to one percent of assessed valuation, plus additional taxes for repayment of any existing voted indebtedness. The County of Riverside in accordance with statutory formulas collects and distributes the taxes to the District. Tax increment revenues received by redevelopment agencies in the County of Riverside are passed-through directly to the District by the cities receiving the taxes.

Secured property taxes are levied on or before the first business day of September of each year. They become a lien on real property on January 1st preceding the fiscal year for which taxes are levied and can be paid in two installments. The first installment is due November 1st and delinquent December 10th, and the second installment is due February 1st of the following year and is delinquent April 10th. Unsecured personal property taxes are due January 1st and become delinquent if unpaid on August 13th.

2. Cash and Investments

Cash and investments are presented in the statement of net position and the balance sheet as follows:

| | |
|--|---------------------|
| <u>Cash and cash equivalents</u> | |
| Deposits - Bank of Hemet | \$ 85,000 |
| Cash and Sweep balances - Stifel, Nicolaus & Company, Inc. | 28,001 |
| Cash on hand | <u>200</u> |
| Total cash and cash equivalents | 113,201 |
| | |
| <u>Investments</u> | |
| Total deposits and investments | <u>\$ 3,284,190</u> |
| | <u>\$ 3,397,391</u> |

Cash and investments at June 30, 2024:

| | Weighted Average Maturities | Fair Value |
|--|--------------------------------|---------------|
| External Investment Pool - Cash in Riverside County Treasury | N/A | \$ 560,541 |
| Investments held with Stifel, Nicolaus & Company, Inc.: | | |
| Government/Municipal bonds | 1.19 | 644,751 |
| U.S. Agencies | 1.59 | 1,163,383 |
| Negotiable Certificates of Deposit | 2.00 | 583,230 |
| Cash and Sweep balances | N/A | 28,001 |
| Mutual funds | N/A | 332,285 |
| Portfolio weighted average maturity | 0.53 | |

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

2. Cash and Investments (Continued)

Custodial Credit Risk – Deposits and Investments

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that in the event of a failure of the counter party (e.g., broker-dealer) to a transaction, the District will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Neither the California Government Code nor the County's investment policy contains legal or policy requirements that would limit the District's exposure to custodial credit risk for deposits or investments, except that the California Government Code requires that a financial institution secures deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. As of June 30, 2024, \$113,001 of the District's bank and sweep balances, including funds held by Stifel, Nicolaus & Company, Inc., were collateralized by the bank's trust department but not in the District's name. The District's investments in negotiable certificates of deposit at various savings & loans located throughout the U.S. were less than the maximum FDIC insured amount at each savings & loan and therefore are fully insured.

Interest Rate Risk – Investments

Interest rate risk is the measurement of how changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the more sensitive to changes in market interest rates of its fair value. One of the ways the County of Riverside Treasurer manages its exposure to interest rate risk is by purchasing a combination of short-term and long-term investments and by timing cash flows from maturities so a portion of its portfolio is maturing or coming close to maturity to ensure the cash flow and liquidity of operations. The weighted average maturity of the County of Riverside Treasurer's investments is 1.27 years.

The District has a formal investment policy that limits investment maturities to 5 years or less, except for US treasury bills, notes, and bonds, which may have a maximum maturity of 30 years, as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2024, the District's weighted average maturity of its investment portfolio was 0.53 years.

Credit Risk – Investments

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment policy is in accordance with state law and as such, limits certain investments to the top two ratings issued by nationally recognized statistical rating organizations. The District has no investment policy that would further limit its investment choices.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

2. Cash and Investments (Continued)

Credit Risk – Investments (Continued)

The County Treasurer’s investments consist of 44.48% federal agencies, 11.90% U.S. Treasury bonds, 14.18% commercial paper, 1.08% municipal bonds, 2.79% Int’l bank for reconstruction and development and Int’l finance corporation, 6.13% repurchase agreements, 1.75% medium term notes, 0.61% CalTRUST short term fund, 16.10% certificate and time deposits, 0.33% money market/mutual funds, and 0.65% cash deposit account.

The credit ratings for these investments include Aaa/Aa3 by Moody’s Investor Service, AAA/AA- by Standard and Poor’s, and non-rated for certain investments. The carrying value and market value as of June 30, 2024 for the District’s pooled investments with the County Treasurer was \$407,467.

The District’s investments in corporate bonds and U.S. agencies through Stifel, Nicolaus & Company, Inc. were generally, rated Moody’s AA and above. All the District’s investments in U.S. agencies carry the implicit guarantee of the U.S. Government.

Concentration of Credit Risk

The District’s investment policy places limits on the amounts the District may invest in any one issuer or type of investment and as of June 30, 2024 the District was in compliance with its investment policy.

Investment Valuation

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District does not have any investments that are measured using Level 3 inputs.

Mutual funds are valued based on quoted market prices. Government bonds, corporate bonds, foreign bonds, government asset backed/CMO securities and negotiable certificates of deposit are valued based on a matrix pricing model.

Investments’ fair value measurements are as follows at June 30, 2024:

| | Level 1 | Level 2 | Level 3 | Total |
|--|-------------------|---------------------|-------------|---------------------|
| External Investment Pool | \$ - | \$ 560,541 | \$ - | \$ 560,541 |
| Mutual Funds | 332,285 | - | - | 332,285 |
| Government/Municipal Bonds | - | 644,751 | - | 644,751 |
| Government Asset Backed/CMO Securities | - | 1,163,383 | - | 1,163,383 |
| Negotiable Certificates of Deposit | - | 583,230 | - | 583,230 |
| | <u>\$ 332,285</u> | <u>\$ 2,951,905</u> | <u>\$ -</u> | <u>\$ 3,284,190</u> |

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

3. Capital Assets

The following is a summary of the changes in capital assets during the year:

| | <u>Balance</u> <u>07-01-23</u> | <u>Increases</u> | <u>Decreases</u> | <u>Balance</u> <u>06-30-24</u> |
|---------------------------------------|-----------------------------------|-------------------|------------------|-----------------------------------|
| Capital assets being depreciated: | | | | |
| Equipment and vehicles | \$ 260,916 | \$ 36,742 | \$ 47,918 | \$ 249,740 |
| Buildings | 547,035 | - | - | 547,035 |
| Infrastructure | 1,922,974 | 36,220 | - | 1,959,194 |
| Land improvements | <u>486,218</u> | <u>-</u> | <u>-</u> | <u>486,218</u> |
| | 3,217,143 | 72,962 | 47,918 | 3,242,187 |
| Less: accumulated depreciation | <u>1,340,821</u> | <u>82,859</u> | <u>47,918</u> | <u>1,375,762</u> |
| | 1,876,322 | (9,897) | - | 1,866,425 |
| Capital assets not being depreciated: | | | | |
| Land | <u>376,468</u> | <u>-</u> | <u>-</u> | <u>376,468</u> |
| | <u>\$ 2,252,790</u> | <u>\$ (9,897)</u> | <u>\$ -</u> | <u>\$ 2,242,893</u> |

Depreciation expense amounted to \$82,859 for the year ended June 30, 2024. The District is in the process of constructing additional niches. Estimated cost to complete this project is \$79,800.

4. Long-Term Debt

The Cemetery had a loan with Bank of Hemet in the original amount of \$400,000. The note bore interest at 5.25% and was payable in monthly installments of \$7,608, including principal and interest. The note was secured by the Cemetery property. The note was paid off during the year ended June 30, 2024.

During July 2024 the District is in the process of obtaining financing from HCN (formerly Bank of Hemet) for \$425,000 to go towards the purchase of 9.13 acres across the street from the current cemetery, with a total estimated cost of \$750,000.

5. Non-Current Liabilities

A schedule of changes in non-current liabilities for the year ended June 30, 2024 is shown below:

| | <u>Balance</u> <u>07-01-23</u> | <u>Additions</u> | <u>Decreases</u> | <u>Balance</u> <u>06-30-24</u> | <u>Due Within</u> <u>One Year</u> | <u>Due in More</u> <u>One Year</u> |
|----------------------|-----------------------------------|------------------|------------------|-----------------------------------|--------------------------------------|---------------------------------------|
| Compensated absences | \$ 6,372 | \$ 21,953 | \$ 26,283 | \$ 2,042 | \$ 2,042 | \$ - |
| Note payable | <u>45,967</u> | <u>-</u> | <u>45,967</u> | <u>-</u> | <u>-</u> | <u>-</u> |
| Compensated absences | <u>\$ 52,339</u> | <u>\$ 21,953</u> | <u>\$ 72,250</u> | <u>\$ 2,042</u> | <u>\$ 2,042</u> | <u>\$ -</u> |

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

6. Pension Plan

Plan Description, Benefits Provided and Employees Covered

All qualified permanent and probationary employees are eligible to participate in the San Jacinto Valley Cemetery District Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees' Retirement System (CalPERS). The Plan consists of an individual rate plan within a miscellaneous risk pool. Plan assets may be used to pay benefits for any employer rate plan of the miscellaneous pools. Accordingly, rate plans within the miscellaneous pools are not separate plans under GASB Statement No. 68.

Individual employers may sponsor more than one rate plan in the miscellaneous pools. San Jacinto Valley Cemetery District sponsors two rate plans. Benefit provisions under the Plan are established by State statute and San Jacinto Valley Cemetery District resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found at CalPERS' website.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 55 with statutorily reduced benefits.

All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Contribution Description

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and will be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS.

The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The District's contributions to the Plan for the year ended June 30, 2024 were \$82,885.

For the measurement period ended June 30, 2023 (the measurement date), the active employee contribution rate is 7.10 percent of annual pay, and the average employer's contribution rate is 10.10 percent (7.68 percent for PEPR) of annual payroll. Employer contributions rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer Paid Member Contributions or situations where members are paying a portion of the employer contribution.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

6. Pension Plan (Continued)

Plan Description, Benefits Provided and Employees Covered (Continued)

Contribution Description (Continued)

CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability. The dollar amounts are billed on a monthly basis.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

At June 30, 2024, the District reported a net pension liability of \$946,502 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022, rolled forward to June 30, 2023, using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participants actuarially determined.

At June 30, 2024, the District's proportion was 0.01893%. The District recognized pension expense of \$216,040 and change in proportion of 0.00040% for the year ended June 30, 2024.

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | <u>Deferred Outflows of Resources</u> | <u>Deferred Inflows of Resources</u> |
|--|---|--|
| Change in assumptions | \$ 57,145 | \$ - |
| Differences between expected and actual experiences | 48,352 | 7,501 |
| Differences between projected and actual investment earnings | 153,247 | - |
| Differences between employer's contributions and Proportionate share of contributions | - | 108,034 |
| Change in employer's proportion | 128,287 | - |
| Pension contributions made subsequent to measurement date | 82,885 | - |
| | <u>\$ 469,916</u> | <u>\$ 115,535</u> |

The \$82,885 reported as deferred outflows of resources related to the pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025.

6. Pension Plan (Continued)

Plan Description, Benefits Provided and Employees Covered (Continued)

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Fiscal Year <u>Ending June 30:</u> | Deferred Outflows/(Inflows) <u>of Resources</u> |
|---------------------------------------|---|
| 2025 | \$ 96,428 |
| 2026 | 64,061 |
| 2027 | 106,611 |
| 2028 | 4,396 |
| | <u>\$ 271,496</u> |

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

The total pension liability on the June 30, 2022 actuarial valuation was based on the following actuarial methods and assumptions:

| | |
|----------------------------------|--|
| Valuation Date | June 30, 2022 |
| Measurement Date | June 30, 2023 |
| Actuarial Cost Method | Entry Age Normal |
| Actuarial Assumptions | |
| Discount Rate | 6.90% |
| Inflation | 2.30% |
| Projected Salary Increases | Varies by Entry Age and Service |
| Payroll Growth | 3.00% |
| Investment Rate of Return | 6.90% Net of Pension Plan Investment and Administrative Expenses; includes inflation |
| Retirement Age | The probabilities of Retirement are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007. |
| Mortality Rate Table (1) | Derived using CalPERS Membership Data for all Funds |
| Post Retirement Benefit Increase | Contract COLA up to 2.30% until Purchasing Power Protection Allowance Floor on Purchasing Power Applies |

6. Pension Plan (Continued)

Plan Description, Benefits Provided and Employees Covered (Continued)

Actuarial Methods and Assumptions Used to Determine Total Pension Liability (Continued)

(1) The mortality table used was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP 2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the CalPERS website.

All other actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the fiscal years 1997 to 2011, including updates to salary increase, mortality, and retirement rates. The Experience Study report can be obtained at CalPERS' website at www.calpers.ca.gov under Forms and Publications.

Change in Assumption

There were no assumption changes in 2023. Effective with the June 30, 2021 valuation date (2022 measurement date), the accounting discount rate was reduced from 7.15% to 6.90%. In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated, combined with risk estimates, and are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return. In addition, demographic assumptions and the inflation rate assumption were changed in accordance with the 2021 CalPERS Experience Study and Review of Actuarial Assumptions.

Discount Rate

The discount rate used to measure the total pension liability for PERF C was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and, combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return.

Plan Description, Benefits Provided and Employees Covered (Continued)

Discount Rate (Continued)

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

| <u>Asset Class</u> | <u>New Strategic Allocation</u> | <u>Real Return Years 1-10^(a,b)</u> |
|--------------------------------|---------------------------------|---|
| | % | % |
| Global equity - cap-weighted | 30.00 | 4.54 |
| Global equity non-cap-weighted | 12.00 | 3.84 |
| Private Equity | 13.00 | 7.28 |
| Treasury | 5.00 | 0.27 |
| Mortgage-backed Securities | 5.00 | 0.50 |
| Investment Grade Corporates | 10.00 | 1.56 |
| High Yield | 5.00 | 2.27 |
| Emerging Market Debt | 5.00 | 2.48 |
| Private Debt | 5.00 | 3.57 |
| Real Assets | 15.00 | 3.21 |
| Liquidity | (5.00) | (0.59) |

(a) An expected inflation of 2.30% used for this period.

(b) Figures are based on the 2021-22 Asset Liability Management study.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.90%) or one percentage point higher (7.90%) than the current rate:

| | Discount Rate less 1% <u>5.90%</u> | Current Discount Rate <u>6.90%</u> | Discount Rate plus 1% <u>7.90%</u> |
|---|--|--|--|
| District's proportionate share of the net pension liability | \$ 1,531,794 | \$ 946,502 | \$ 464,757 |

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

6. Pension Plan (Continued)

Plan Description, Benefits Provided and Employees Covered (Continued)

Pension Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net positions is available in the separately issued CalPERS financial report.

The District did not report a payable outstanding for contributions to the pension plan required for the year ended June 30, 2024.

Amortization of Deferred Outflows and Deferred Inflows of Resources

Under GASB 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense. The amortization period differs depending on the source of the gain or loss: Net differences between projected and actual earnings on pension plan investments (5-year straight-line amortization) and all other amounts (Straight-line amortization over the expected average remaining service lifetime (EARSLS) of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period).

7. Other Postemployment Benefits Plan (OPEB)

Plan Description

Plan administration. The District administers a single employer defined benefit healthcare plan. The District provides postretirement health care benefits under PEMHCA.

Benefits provided. Employees who reach age 50 and have completed 5 years of service with the District are eligible to receive District paid medical benefits in retirement. The District provides a lifetime benefit towards medical coverage through PEMHCA. Retired employees are subject to a monthly cap of \$630. The retiree is responsible for any costs in excess of this cap.

Plan membership. At July 1, 2022, membership consisted of 6 active plan members and 7 inactive plan member or beneficiaries currently receiving benefits.

Contributions. The contribution requirements of Plan members and the District are established and amended by the District. The required contribution is based on projected pay-as-you-go financing requirements. No assets are accumulated in a trust that meets the criteria in Paragraph 4 of GASB Statement No. 75.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

7. Other Postemployment Benefits Plan (OPEB) (Continued)

Net OPEB Liability

The District's Net OPEB Liability was measured as of June 30, 2023 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of July 1, 2023 (June 30, 2023). Standard actuarial update procedures were used to project/discount from valuation to measurement dates. As permitted by professional standards, this actuarial determination was rolled forward for a second year.

Actuarial assumptions. The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Assumptions

| | |
|----------------------------|---|
| Salary increases | 3.00% |
| Inflation rate | 2.75% |
| Healthcare cost trend rate | 6.00% for 2023; 5.508% for 2024; 5.25% for 2025-29; 5.00% for 2030-39, Medicare ages: 4.50 percent for 2023-29. |

Pre-retirement mortality rates were based on the CalPERS Experience Study (2000-2019). Post-retirement mortality rates were based on the CalPERS Experience Study (2000-2019).

Actuarial assumptions used in the July 1, 2023 valuation were based on a review of plan experience during the period July 1, 2022 to June 30, 2023.

Discount rate. GASB 75 requires a discount rate that reflects the following:

- a) The long-term expected rate of return on OPEB plan investments – to the extent that the OPEB plan's fiduciary net position (if any) is projected to be enough to make projected benefit payments and assets are expected to be invested using a strategy to achieve that return.
- b) A yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher – to the extent that the conditions in (a) are not met.

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

7. Other Postemployment Benefits Plan (OPEB) (Continued)

Net OPEB Liability (Continued)

To determine a resulting single (blended) rate, the amount of the plan’s projected fiduciary net position (if any) and the amount of projected benefit payments is compared in each period of projected benefit payments. The discount rate used to measure the District’s Total OPEB liability is based on these requirements and the following information:

| Reporting Date | Measurement Date | Long-Term Expected Return of Plan Investments (if any) | Fidelity GO AA 20-Years Municipal Index | Discount Rate |
|----------------|------------------|--|--|------------------|
| June 30, 2019 | June 30, 2018 | 4.00% | 3.62% | 3.62% |
| June 30, 2020 | June 30, 2019 | 4.00% | 3.13% | 3.13% |
| June 30, 2021 | June 30, 2020 | 4.00% | 2.45% | 3.13% |
| June 30, 2022 | June 30, 2021 | 4.00% | 1.92% | 1.92% |
| June 30, 2023 | June 30, 2022 | 4.00% | 1.92% | 1.92% |

The components of the net OPEB liability are as follows:

| | |
|-----------------------------|---------------------|
| Total OPEB liability | \$ 1,022,350 |
| Plan fiduciary net position | <u>-</u> |
| Net OPEB liability (asset) | <u>\$ 1,022,350</u> |
| Measurement date | June 30, 2023 |
| Reporting date | June 30, 2024 |

The following table shows the changes in the net OPEB liability:

| | |
|---|---------------------|
| <u>Total OPEB Liability</u> | |
| Service Cost | \$ 112,478 |
| Interest | 25,185 |
| Difference between expected and actual experience | (58,240) |
| Changes in assumptions or other inputs | <u>(228,920)</u> |
| | (149,497) |
| Benefit payments (1) | <u>(54,560)</u> |
| Net change in total OPEB liability | (204,057) |
| Net OPEB obligation, beginning of year | <u>1,226,407</u> |
| Net OPEB obligation, end of year | <u>\$ 1,022,350</u> |

(1) Amount includes implicit subsidy associated with benefits paid.

Net OPEB Expense

The components of the net OPEB expense are as follows:

| | | |
|---|----|------------------|
| Net OPEB Liability, beginning of year | \$ | 1,226,407 |
| Net OPEB Liability, end of year | | <u>1,022,350</u> |
| Change in net OPEB liability | | (204,057) |
| Change in deferred outflows | | 52,021 |
| Change in deferred inflows | | 17,413 |
| Employer contributions | | <u>54,560</u> |
| | | |
| OPEB Expense | \$ | <u>(80,063)</u> |
| | | |
| Service costs | \$ | 112,478 |
| Interest cost | | 25,185 |
| Recognition of deferred outflows and inflows | | |
| Difference between expected and actual experience | | (178,179) |
| Change in assumptions | | <u>(39,547)</u> |
| | | |
| Net OPEB Expense | \$ | <u>(80,063)</u> |

Sensitivity of the net OPEB liability to Changes in the Discount Rate

The following presents the net OPEB liability, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1% point lower (0.92%) or 1% point higher (2.92%) than the current discount rate:

| | Discount Rate less 1% <u>2.86%</u> | Current Discount Rate <u>3.86%</u> | Discount Rate plus 1% <u>4.86%</u> |
|---|--|--|--|
| District's proportionate share of the net OPEB liability | \$ 1,144,082 | \$ 1,022,350 | \$ 920,965 |

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

7. Other Postemployment Benefits Plan (OPEB) (Continued)

Sensitivity of the net OPEB liability to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability, as well as what the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% point lower (5% percent decreasing to 4% percent) or 1% point higher (7% percent decreasing to 6% percent) than the current healthcare cost trend rates:

| | Healthcare Cost Trend Rates less 1% 5.00% | Healthcare Cost Trend Rates Current 6.00% | Healthcare Cost Trend Rates plus 1% 7.00% |
|---|--|--|--|
| District's proportionate share of the net OPEB liability | \$ 966,254 | \$ 1,022,350 | \$ 1,075,300 |

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources to OPEB from the following sources are:

| | <u>Deferred Outflows of Resources</u> | <u>Deferred Inflows of Resources</u> |
|--|---|--|
| Differences between expected and actual experiences | \$ - | \$ 34,944 |
| Changes in assumptions and other inputs | | 137,352 |
| OPEB contributions made subsequent to measurement date | 90,057 | - |
| | <u>\$ 90,057</u> | <u>\$ 172,296</u> |

The \$90,057 reported as deferred outflows of resources related to the OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2024.

Amounts reported as deferred outflows and deferred inflows of resources will be recognized in OPEB expense as follows:

| Fiscal Year | Deferred Outflows/(Inflows) |
|------------------------|--------------------------------|
| <u>Ending June 30:</u> | <u>of Resources</u> |
| 2025 | \$ (24,807) |
| 2026 | (57,432) |
| | <u>\$ (82,239)</u> |

SAN JACINTO VALLEY CEMETERY DISTRICT

Notes to Financial Statements

8. Property Taxes

Property taxes allocated to the District for the year ended June 30, 2024 were as follows:

| | | |
|----------------------------|-----------|----------------|
| Current: | | |
| Secured | \$ | 431,170 |
| Unsecured | | 23,304 |
| Supplemental - passthrough | | 14,886 |
| Prior: | | |
| Unsecured | | 6,166 |
| Tax relief subventions | | 3,106 |
| RDV Apportionment | | 97,338 |
| Total | <u>\$</u> | <u>575,970</u> |

9. Employee Retention Credit (ERC Credit)

Under the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) signed into law on March 27, 2020 and the subsequent extension of the CARES Act, the District determined it was eligible for a refundable employee retention credit (ERC Credit) subject to certain criteria. The District recognized a \$158,189 employee retention credit during the year ended June 30, 2023. The net receivable at June 30, 2024 was \$134,461.

10. Excess of Expenditures over Appropriations

For the year ended June 30, 2024, expenditures exceeded appropriations in debt services (the level of budgetary control) of the general fund by \$46,289. This over expenditure was funded by additional charges for current services and by available fund balance.

11. Other Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit. The financial markets in recent months have shown heightened volatility and the markets are significantly down. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term could materially affect investment balances and the amounts reported in the financial statements. Additionally, many mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies.

These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities of comparable U.S. companies.

Notes to Schedule

Change in benefit terms: None.

Change in assumptions: None.

Historical information is required only for measurement periods for which GASB 75 is applicable
 Future years' information will be displayed up to 10 years as information becomes available.

SAN JACINTO VALLEY CEMETERY DISTRICT

Schedule of Contributions

For the Year Ended

| | <u>June 30, 2024</u> | <u>June 30, 2023</u> | <u>June 30, 2022</u> | <u>June 30, 2021</u> | <u>June 30, 2020</u> | <u>June 30, 2019</u> | <u>June 30, 2018</u> |
|---|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|
| Contractually required employer contribution (actuarially determined) | \$ 54,560 | \$ 87,696 | \$ 42,990 | \$ 75,366 | \$ 103,637 | \$ 105,691 | \$ 122,813 |
| Contributions in relation to the actuarially determined contributions | <u>(54,560)</u> | <u>(87,696)</u> | <u>(42,990)</u> | <u>(75,366)</u> | <u>(103,637)</u> | <u>(105,691)</u> | <u>(122,813)</u> |
| Contribution deficiency (excess) | <u>\$ -</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ -</u> |
| Covered employee payroll | \$ 406,927 | \$ 310,748 | \$ 271,996 | \$ 291,070 | \$ 337,923 | \$ 331,499 | \$ 345,983 |
| Employer contributions as a percentage of covered employee payroll | 13.41% | 28.22% | 15.81% | 25.89% | 30.67% | 31.88% | 35.50% |

Notes to Schedule

Actuarial methods and assumptions used to set the actuarially determined contributions for Fiscal Year 2024 were from the June 30, 2023 actuarial valuation.

Methods and assumptions used to determine contributions:

| | | | | | | | |
|-------------------------|---|-------|-------|-------|-------|--------|--------|
| Salary increases | 3.00% | 3.00% | 3.00% | 3.00% | 3.00% | 3.00% | 3.00% |
| Inflation rate | 2.50% | 2.75% | 2.75% | 3.00% | 3.00% | | |
| Medical cost trend rate | 6.00% for 2023; 5.50% for 2024; 5.25% for 2025-29; 5.00% for 2030-39; and 4.75% for 2040-49; 4.50% for 2050-69 and 4.00% for later years; Medicare ages: 4.50% for 2023-29 and 4.00% for all later years. | | | | | | |
| Age Adjustment Factor | | | | | | 4.00% | 4.00% |
| Percent married | | | | | | 50.00% | 50.00% |

Historical information is required only for measurement periods for which GASB 75 is applicable. Future years' information will be displayed up to 10 years as information becomes available.
